

# Coin cards

You will need six copies of this sheet to make one set of 36 cards.

**5c**

Five cents

**10c**

Ten cents

**20c**

Twenty cents

**50c**

Fifty cents

**\$1**

One dollar

**\$2**

Two dollars

# Card game ideas

Here are some ideas for using the sets of coin cards.

## Higher and lower

The aim of this game is to be the first player to get rid of all your cards.

### You will need:

- 2 – 4 player
- one set of coin cards (a set is 36 cards)
- a fifty cent coin

### How to play:

- Deal five cards to each player and place the rest of the cards, face down in the middle.
- Place the fifty cent coin next to the pile.
- The first player must play a card that is higher than fifty cents, by placing it on top of the fifty cent coin. You cannot play a card of equal value to the coin (i.e. you can't play a fifty cent card).
- If they cannot (i.e. they do not have a card that is higher than fifty cents), they take a card from the pile and the next player gets a chance to play a higher card.
- Once a higher card has been played, the next card played must be lower than the card on the pile.

### For example:

- Player one cannot play a card higher than fifty cents, so they pick up a card from the pile.
- Player two plays a one dollar coin card.
- Player three must play a card lower than one dollar and plays a twenty cent card.
- Player four must play a card higher than twenty cents and so plays a two dollar coin card.
- The play alternates between higher and lower until one player has played all their cards and they are the winner.

**Note:** If you run out of cards for the 'pick-up' pile, use the cards that have already been played.

# Card game ideas

Here are some ideas for using the sets of coin cards.

## Up or down

The aim of this game is to be the first player to get rid of all your cards.

### What you will need:

- 2-4 players
- one set of coin cards (a set is 36 cards)

### How to play:

- Deal five cards to each player and place the remaining cards, face down, in the middle.
- Turn the top card over and place it face up next to the pile.
- Player one must play a card that is either one below or one above the card (e.g. if a fifty cent card is turned over, they can play a one dollar card or a twenty cent card). If they cannot play a card they must draw one from the deck.
- This continues until one player has no cards left and they are the winner.

## Other options

These cards can also be used to play card games such as 'Go fish', 'Snap' or 'Memory'.
