The Reverse Brief: Creating the Donation Dollar

OPENING DECEMBER 2021

LOCATION

The Donation Dollar was designed to remind us to give, not only in times of crisis, but all year round. This exhibition focuses on the design thinking behind the Donation Dollar and how it needed to be marketed to ensure that the coin would be donated instead of spent or collected.

The 'COVID' stuff

As the safety of staff and visitors is our primary concern, additional measures will be in place to ensure that our programs are held in a safe manner and are in compliance with current COVID-19 restrictions.

Please read carefully through the below information before booking a session for your child:

- Children and supervisors will be required to sanitise their hands before and after entering the Mint & the Education Room.
- Children and supervisors will be required to maintain a distance of 1.5m between other participants and facilitators at all times.
- Supervisors will need to register their names for contact tracing when entering the Mint.
- No food or drink will be allowed in the Education Room. We will give supervisors their free coffee coupon to use at the café at the end of the session.
- **For Mini-Minties:** Due to limited space in the Education Room, only ONE child and their supervisor will be able to attend the session. Additional siblings will cause us to go over the number of people allowed in the Education Room. We apologise for any inconvenience, and thank you for your understanding as we endeavour to keep our visitors and staff safe.

If you or the child attending are experiencing any COVID-19 symptoms prior to the session, we ask that you contact us or cancel your booking through Eventbrite.
