### Likelihood Table

Rating	Criteria to be used to establish rating
Almost certain	Over 99% probability; or 'happens often'; or could occur within 'days to weeks'.
Likely	Greater than 50% probability; or 'could easily happen'; or could occur within 'weeks to months'.
Possible	Greater than 10% probability; or 'could happen'; or 'has occurred before'; or could occur within a 'year or so'.
Unlikely	Greater than 1% probability; or 'has not happened yet, but could'; or could occur 'after several years'.
Remote	Less than 1% probability; or 'conceivable but only in extreme circumstances'; or exceptionally unlikely, even in the 'long term future'.

### Risk Matrix

Likelihood		Consequence				
		Insignificant	Minor	Moderate	Major	Severe
Remote	Negligible	Negligible	Negligible	Negligible	Low	Medium
Unlikely	Negligible	Negligible	Low	Low	Low	Medium
Possible	Negligible	Low	Low	Medium	Medium	High
Likely	Low	Low	Medium	High	High	High
Almost certain	Low	Medium	High	High	High	Extreme

### Action Table

Risk Rating	Action required
Extreme	These risks must be <i>urgently</i> elevated to CEO for consideration and treatment. The CEO may, where appropriate, consult with the Advisory Board and Treasury in regards to the risk and its proposed treatment.
High	These risks must be <i>immediately</i> elevated to the Senior Managers Forum and CEO for consideration and treatment, as appropriate. The Senior Managers Forum will assist the CEO, where possible.
Medium	These risks are to be routinely monitored at the Senior Managers Forum level, and should be managed by the responsible Senior Manager.
Low	These risks are managed at the operational/project level. They require monitoring and management, as necessary.
Negligible	These risks are routinely managed at the operational/project level.
