

Shapes, sizes and colours

Australian coins do not all look the same. They are different shapes, sizes and colours. This helps people to recognise each coin.

The 'cent' coins are a silver colour and the 'dollar' coins are a gold colour.

In the boxes below, trace around each coin to show the difference between their shapes and sizes, then colour each coin the correct colour.

Dollar Coins

Cent Coins

Five cent coin

Ten cent coin

Twenty cent coin

Fifty cent coin

One dollar coin

Two dollar coin
